01 CONCEPT RENDER

eye 1500 above the sidewalk, 3600 from the glass · three.js r170, reflection of the stone facade across the street composited on the pane

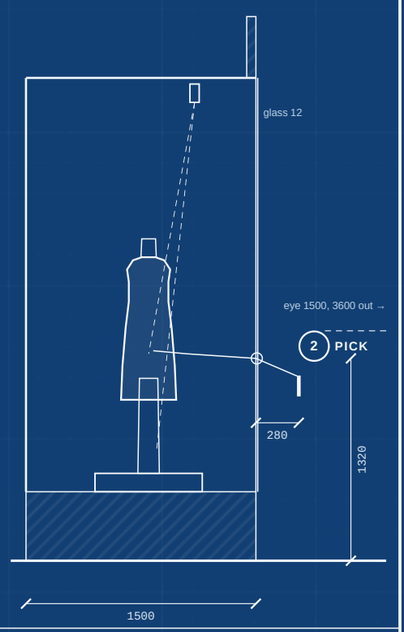

02 FRONT ELEVATION

from the sidewalk · 1:40

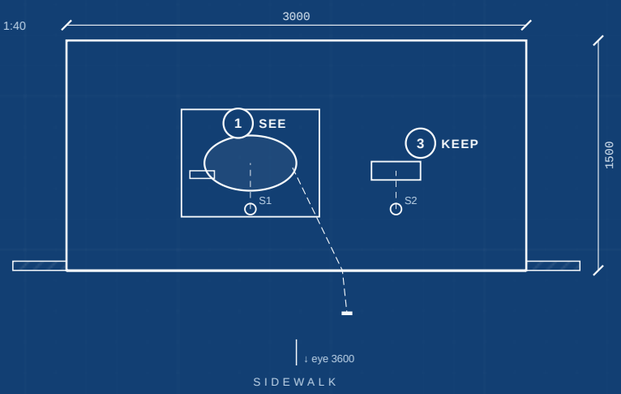

03 SECTION

through the mannequin · 1:40

04 PLAN

window bed · 1:40

05 HANG TAG

front · back · 1:2.5

70 × 120 · 350 g/m² off-white · cotton string Ø1.5

07 SEE · PICK · KEEP

three shopping acts, three moments of VMD

1 SEE · VP

The window. A mannequin styled in my own wardrobe holds the camera I take pictures with, standing on a model of a space I drew.

2 PICK · PP

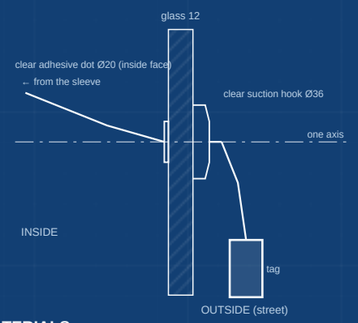

The tag hangs 280 outside the glass at 1080–1200 above the sidewalk: within reach. Name on the front, contact on the back.

3 KEEP · IP

The paper bag already waits at its feet, tissue in. The purchase is packed; you take the contact home.

06 STRING THROUGH GLASS

detail · 1:3 · no drilling

08 PROPS · MATERIALS

Mannequin	headless, matte white, on the model base
Look	applicant's own: black oversized wool long coat · grey knit · wide beige trousers
